WM. KINCAID, SECRETARY-TREASURER
OTTAWA

Junction City, Kansas
January 8, 1939

Dr. Forrest C. Allen,
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

The Kansas State Coaches' Association at the last meeting went on record favoring the holding of a coaches' clinic just prior to the opening of the season in each of the three major sports. Such a plan is sponsored by the State Coaches' Associations of Wisconsin, Illinois and a number of other states. Our plan is to ask the various state schools to sponsor these clinics in football, basketball and track.

I know of no more logical or fitting place to hold the basketball clinic next year than at the University of Kansas, particularly after the fine clinic you had this year. Would you consider holding another basketball clinic at the beginning of the season next year under the joint sponsorship of the University of Kansas and the Kansas State High School Coaches' Association?

Very cordially yours,

Henry Shenk
