TURNER, PAUL- forward- 19 -sophomore in school of education; home-Kansas City, Kan.; graduate of Shawnee Mission high school at Merriam, 1940; coached by Harold Reade. A star on last year's crack K.U. freshman team. Has a beautiful one-hand shot and his play is characterized by continual hustle. Good rebound man and a fine ball player on defense. May not break into the starting lineup this year, but will be a valuable replacement. A fine prospect for the future. Not a giant, but ruggedly built.

WALKER, CHARLES- guard or center- 21 -senior in school of engineering; home, Hutchinson; graduate of Hutchinson high school, 1938; another of "Chop" Cairns' boys who has made good at K.U. Got a late start at K.U., not reporting for basketball until the second semester of his sophomore year. Has improved greatly every year. A smooth, methodical type of ball player, who may be used at the "quarterback" post part of the time. Is rangy and a good defensive player. Wears glasses on the court, like Sollenberger, his high school teammate. A letterman.
