Dear Mr. Henry:

We note that your Basketball Team is scheduled to play Iowa State College at Ames on March 3rd and are wondering at this time whether or not you may do as some of the Universities have done, which is to plan to have their team stay in Des Moines and drive to Ames for the game.

If this is so, we wish to submit to you our special athletic rate which is \$1.50 per day per person in rooms with twin beds and bath, each room to accommodate only two persons. This entitles your boys to the nicest rooms we have to offer.

We will look forward to the opportunity to being of service to your school at the above time and will assure you that your team would find the above accommodations comfortable in every way.

Please advise us if we may make reservations for you, also as to the exact date and time of their arrival.

Hoping to be of service to you in the near future, we are

Yours very truly,

C. H. Hartnagle
Assistant Manager
