

May 16th, 1941

Mr. Rollie Williams  
Basketball Coach  
The State University of Iowa  
Iowa City, Iowa

Dear Rollie:

Our first semester examinations begin on Thursday, January 22nd, and end on Thursday, January 29th.

This puts me in a pretty tough spot to schedule a game with you the 29th, because I may lose one or two of my boys who may be required to stay here for the final day's examinations. However, I am going to take a chance and schedule a game with you at Iowa City on the 29th of January, 1942.

In your contract will you please make up on a reciprocal home and home basis a two-year guaranteed agreement? Will you also kindly state that we're to play the 1942-43 game at Lawrence, Kansas?

I do not know when Nebraska desires to play, whether they desire to play during the Xmas vacation or during the academic year. However, I would much prefer to play our game during the regular school term.

Your examination dates and hours doubtless will work out so that we could play you at a time that your Big Ten schedule will not conflict with ours.

Sincerely yours,

Director of Physical Education and  
Recreation-Varsity Basketball and  
Baseball Coach.
