INTERSCHOLASTIC TRACK AND FIELD MEET

PAGE 3

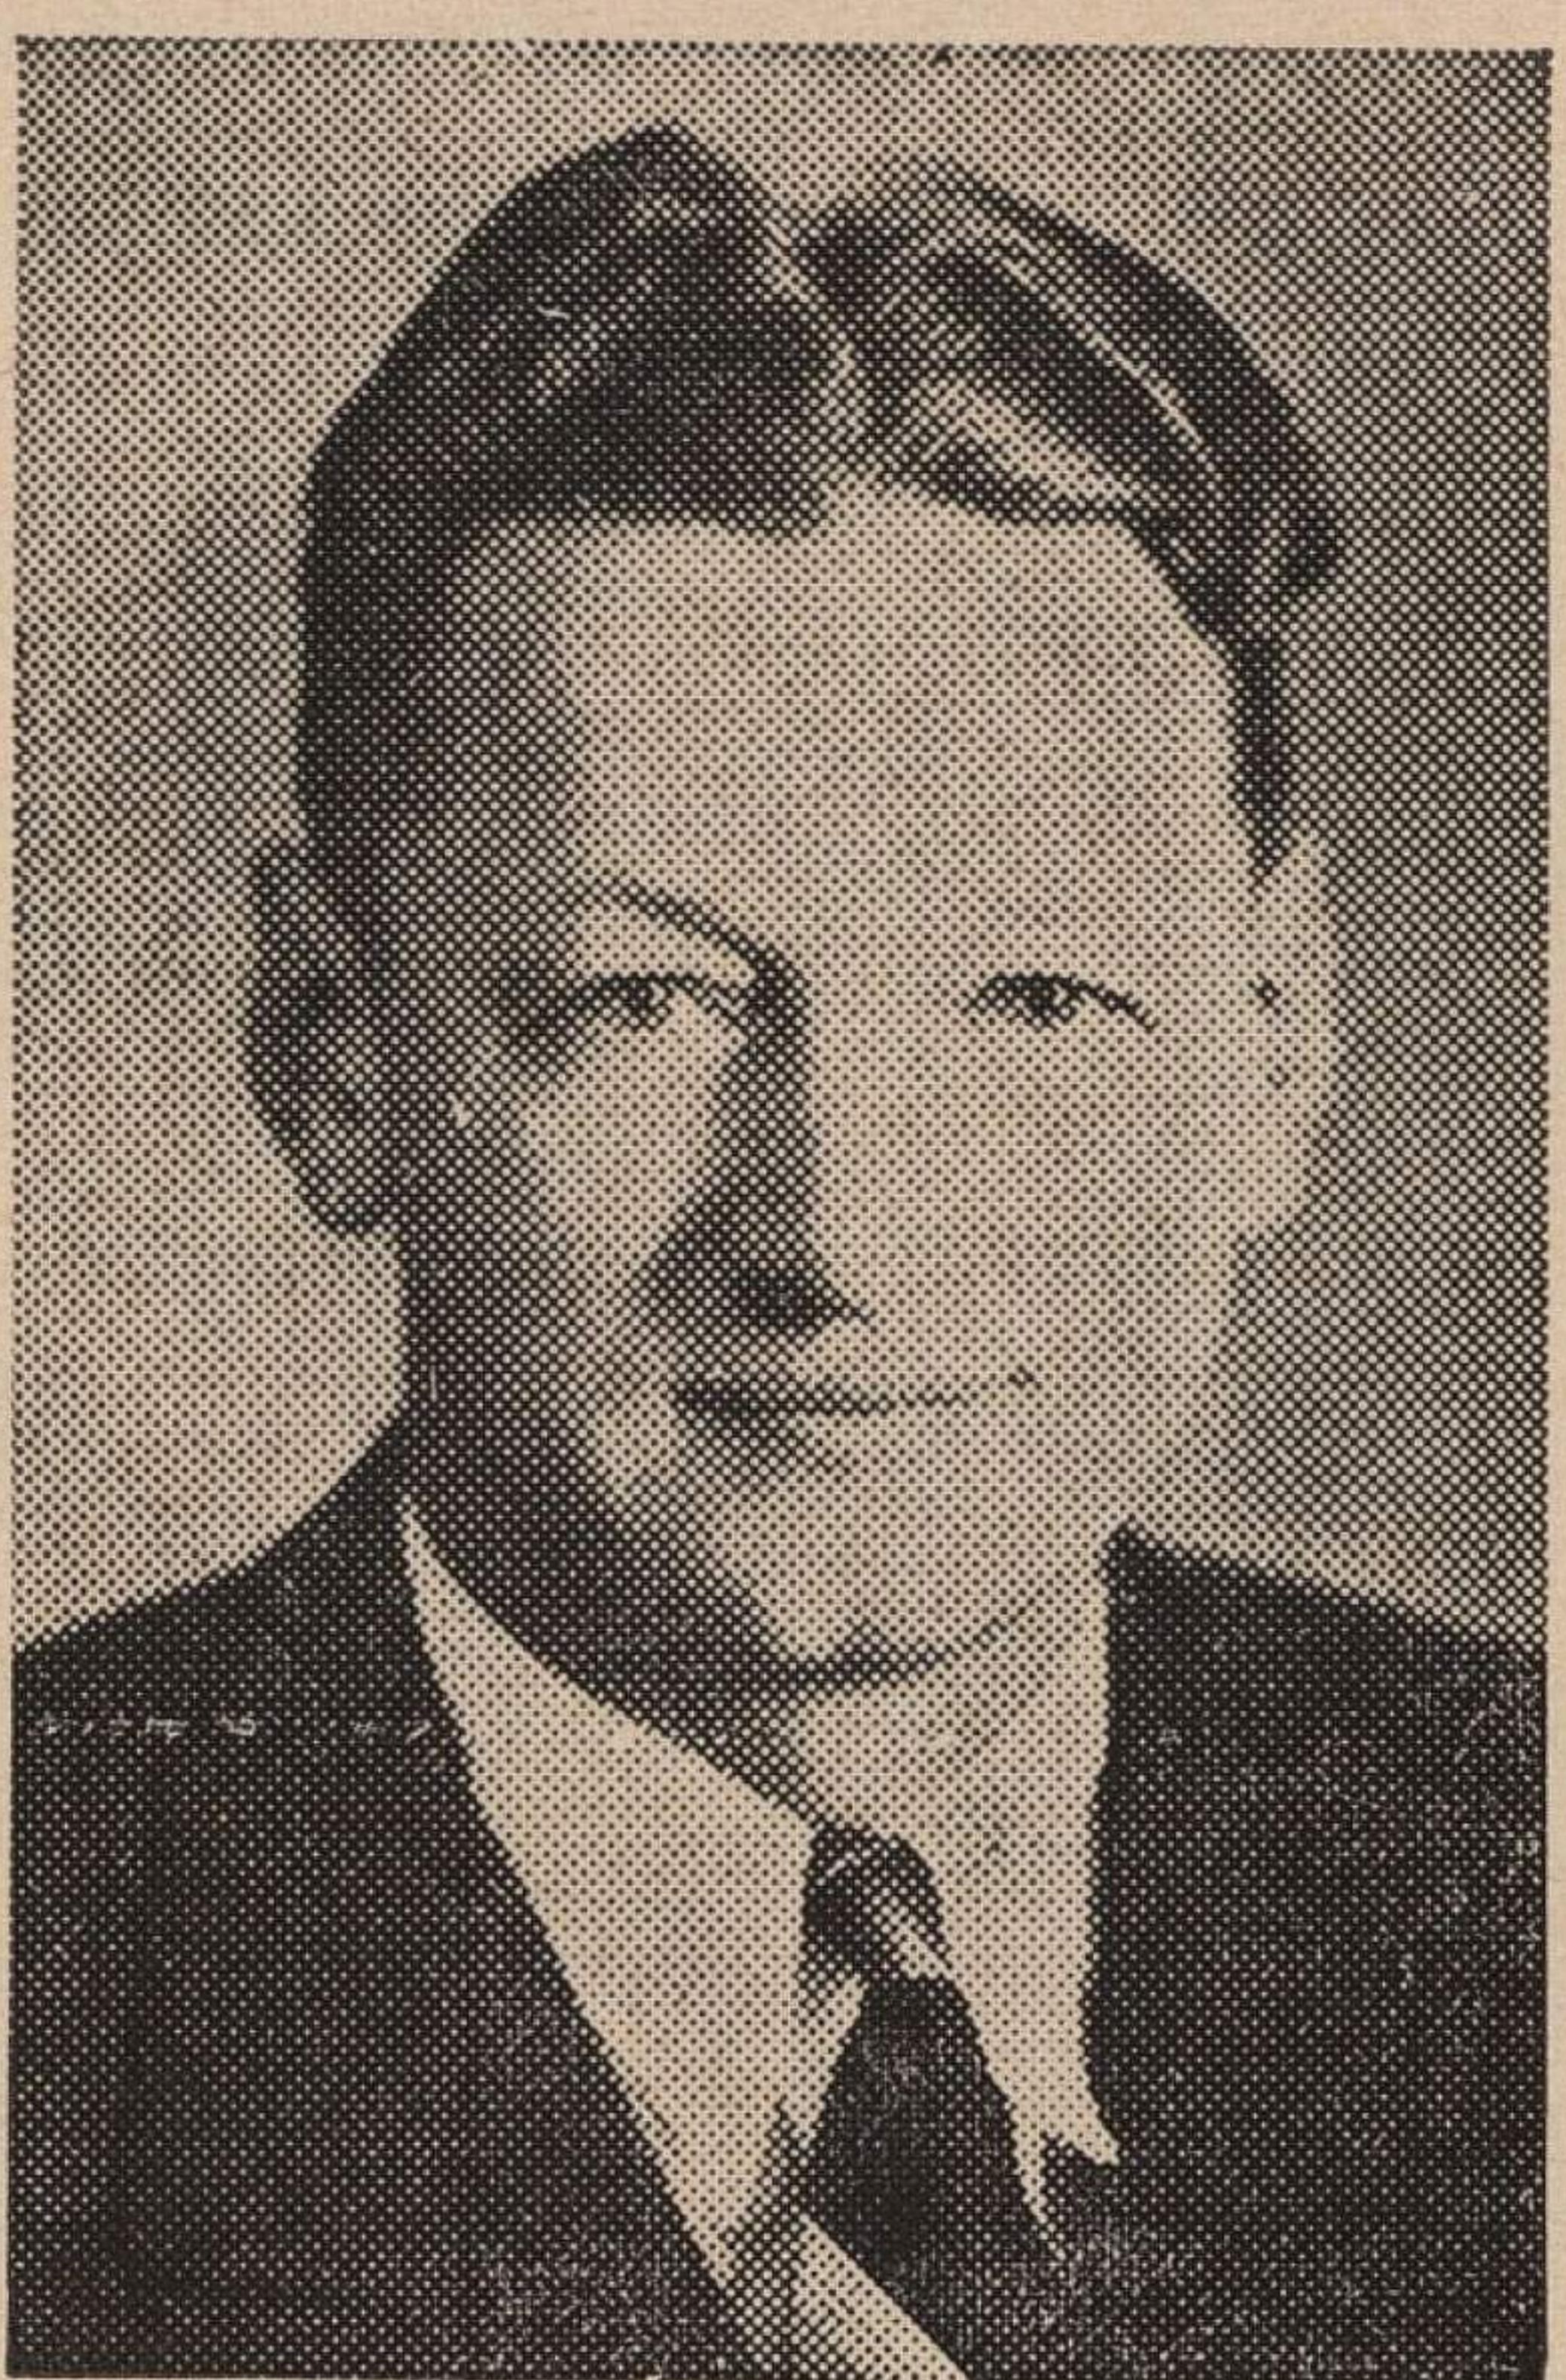

CHANCELLOR DEANE W. MALOTT

The University of Kansas welcomes to its campus today, the young men of Kansas and other visitors, for the thirty-ninth annual interscholastic track and field meet. This event has become one of the outstanding traditional athletic events of the state, and as our guests, we are happy to have you, and cordially invite you to avail yourselves of all the facilities which provide for your enjoyment during your visit to Mt. Oread.

The University of Kansas has accepted the challenge that the future of our civilization may depend upon the training and education of our people. The University is now completing the organization of its war training program—a program which involves Army, Navy, Marine Corps, aviation, and special industrial courses of many varieties, all of critical importance in the war effort.

It is vitally important that young men and women plan to start their higher education immediately in order to be of the maximum service to their country, either in military service or in war industry. The University of Kansas is now operating on a full year round basis in this all out war effort. We hope many of you will find a home here to pursue your higher education.

DEANE W. MALOTT, Chancellor

HENRY SHENK,
Manager

DR. F. C. ALLEN,
Relays Founder

The Kansas Relays were started in 1923 and have developed into a national event. Teams from all parts of the United States have competed. University officials regret that it was necessary to discontinue the Relays for the duration of the war. It is planned to revive them again after the war is over.

SPEAKING OF SPEED!!

While the average track man runs the 100-yard dash in 10 seconds, I
can run around the world 78 times.

I can do a lot of work with all this energy too—and at surprisingly
low wages.

THE INTERSCHOLASTIC MEET is run in two classes, for high schools of Kansas only. More than 200 enrollment classes a school as A and all other schools are classed as B. A special cup will be awarded to the high point team in each class and ribbons will be awarded the first three place winners in each event in both classes. First place in each event counts 5 points, second 4, third 3, fourth 2, and fifth 1. In the relay races and the quarter mile, half mile, and mile runs, heats will be run, with the winners being determined on the basis of comparative times. An entry fee of 25 cents per man is charged.

ELIGIBILITY

In the state championship and regional meets, or in any approved preliminary meet, a boy may not enter more than three individual events and one relay, or two individual events and two relays; provided, that he may not run more than one race of 440 yards or more, whether it be in an open race or a lap in a relay, and if he runs such a race he may not compete in more than one relay in addition. (This does not prevent him from competing in his full quota of events from the other events listed). A boy may not be permitted to compete in more than two relays, under any condition.

Preliminaries in both dashes and hurdle races, and in all field events, will start at 9:30 a.m. Drawings for all races will be made at starting points 15 minutes previous to starting time.

Class A and B Pole Vault and Broad Jump conducted together. All other field events conducted simultaneously but in separate classes.

Each school is limited to not more than two men in any one event.

The Official Watch for
Interscholastic Track and Field Meet

Longines
 THE WORLD'S MOST HONORED WATCH

THE LONGINES OLYMPIC TIMER, official watch for this event, was created at the invitation of the Organization Committee as exclusive official watch for the last scheduled Olympic Games, cancelled at the outbreak of the war. It is undoubtedly the finest one-tenth second timing watch ever made, and represents one of the great achievements of the Longines factory with a half century of experience in the manufacture of fine split-second timing watches.

Realizing that the war would probably prevent the completion of more of these watches, which take two years to build, all of those made for the Olympic Games were brought to America so that

they could be used at championship meets by the official timers.

Today no Longines *Timing* Watches are available for sale to civilians, and few conventional Longines Watches are still to be had at Longines jewelers. But, when the war is won, the skill and facilities of the Longines factory will once more be ready to serve peace-loving people . . . and fine Longines *Timing* Watches will be available to the sports world...and beautiful and efficient Longines Watches for men and women in all walks of life will again be on sale. Longines-Wittnauer Watch Company, Inc., New York, Montreal, Geneva.

Mr. Gwinn Henry
Director of Athletics
University of Kansas

Dear Gwinn,

Our freshman coach last year, Gordon Gray, is now athletic director at Kelly Field, Brady, Texas, and Francis Kappelman, who assisted him, has left for Oakland, California to enlist in the ship-building corps.

The year before we used Ernst "Dutch" Uhrlaub as our freshman coach. "Dutch" was taking his masters degree in the School of Education.

This year we have none of my former players in the University working on advanced degrees with the exception of my son, Milton Allen, who is a senior in the School of Law. Therefore, I shall turn to him to assist me with the freshmen.

Since there is a state law which prohibits all the heads of departments from paying any relative out of the state fund, I will ask him to serve with out remuneration as far as the state or the Athletic Association is concerned.

It is vital that the freshmen be under someone who can teach the system of play which will be beneficial to them the following year. I wanted to inform you of the fact.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Dear Earl,

I am sending you a completed schedule of the University of Kansas basketball games. When and if you desire to have some schedules printed I would appreciate a short conference with you because this is the 50th anniversary of the game and I thought we might get something in the way of a nice but inexpensive card that would commemorate this occasion.

I still like this little Jayhawk picture. I could not find one of last year's, but this looks awfully good on a very thin card board and not a sticker. Thank you for your kindly consideration of this detail.

Sincerely,

Director of Physical Education and Recreation

October 6, 1941.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

Dr. Kirkpatrick and Bal Jeffrey asked me on very short notice to come to Topeka for a conference with them on September 23 regarding an athletic situation they wished to discuss.

I came downstairs from a class at 10:30 and learned that they wanted me to take luncheon with them at noon. I barely had time to jump in my car and make the connections. Had I known this ahead of time I would have seen you and gotten permission, but as it was I barely had time to get out of Lawrence and get up there.

I paid for their luncheon and mine. The amount was \$1.88. I drove my own car and the mileage was 60 miles.

All of this is occasioned by the fact that Karl Kloeze wrote me that it would be necessary in all expenditures of over \$1.00 with the exception of tips, to get receipts therefor. I acknowledged his letter telling him that I would be very happy to conform with the regulations but that I had previously made one trip to Topeka for which it would be impossible to get receipts because I had already spent the money.

I am sending you a copy of the letter that Mr. Kloeze wrote me and this will be an explanation of why I have written you on this item of expense which came under unusual circumstances. I will thank you if you see fit to recommend this item of \$4.88 for payment.

Thank you very much.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

My dear Dr. Allen:

This will acknowledge receipt of your letter
of the 26th concerning the trip that you had
already taken to Topeka before receiving my
letter concerning travel expenses in connec-
tion with Athletic Association matters.

Please present your expense account covering
this trip as you have in the past, together
with the mileage of your car for approval to
Director Henry. However, I hope that you
will be able to secure receipts hereafter.

Yours very truly,

Dear Mr. Henry,

I am sending you a copy of the 1942-43 basketball schedule for Kansas. If you find it satisfactory I would appreciate it if you would hand it to the athletic board for their ratification.

What have you decided about baseball for this year? I have no communication as to whether or not I am to make a baseball schedule for this spring.

Dear Vic,

Bill Butler is bringing eight boys from Northeast, Central and Westport Friday night to get them away from the Missouri mass rally in Kansas City. We are getting tickets for the basketball game for him.

Vic, Bill asked especially that you see Wayne Reogle and he asks that Wayne stay with them all Friday evening without fail, - of course you and Wayne can handle this as you see fit.

I imagine the reason that Bill Butler called me was because he couldn't get you on the phone.

Dear Earl,

Bill Butler called and wants eight tickets for the basketball game for some high school boys that he is bringing down from Northeast, Central, and Westport.

If you will give Miss Gowans eight tickets we will follow Bill's orders and call Dick Oliver at the Sigma Chi house and give them to him for Bill Butler.

Bill is bringing the boys to get them away from the Missouri mass meeting the same night in Kansas City.

Dear Earl,

I have written to Dr. W. W. Parker of the Southeast Missouri State Teachers College at Cape Girardeau, Missouri regarding the basketball poster (easel) which I spoke to you about.

I am expecting to hear from Doctor Parker at any time. We may be a little late in obtaining these posters, but I feel that they are definitely worth waiting for.

Mr. Earl Falkenstien,
K. U. Athletic Association.

Dear Earl:

The enclosed basketball poster strikes me as something rather novel, and I hope we can work out a plan to use something like this. We have the letters on file in my office quoting prices, but I wanted to pass this easel on to you before it became misplaced.

If you will notice there is a place on the back of the poster whereby it can be suspended from a hook on the wall, or it can be used as an easel.

I wanted to get this to you early so you could study it and see if it appeals to you as it does to me.

Cordially yours,

FCA:AH
