

November 21, 1941.

Mr. Earl Falkenstien,  
K. U. Athletic Association.

Dear Earl:

The enclosed basketball poster strikes me as something rather novel, and I hope we can work out a plan to use something like this. We have the letters on file in my office quoting prices, but I wanted to pass this easel on to you before it became misplaced.

If you will notice there is a place on the back of the poster whereby it can be suspended from a hook on the wall, or it can be used as an easel.

I wanted to get this to you early so you could study it and see if it appeals to you as it does to me.

Cordially yours,
