Dear Jim:

It was extremely thoughtful of you, Jim to wire our boys in an effort to stimulate them for a win over Nebraska.

Undoubtedly your wire aided in the fight and determination the Kansas boys put in this game to whip Nebraska. I want you to know that the boys and I all appreciate what you did and the motive that prompted your sending the wire.

We are mighty sorry that you could not be with us, but your wire did the trick and we are grateful.

With all good wishes for your continued success, I am

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
