

March 5, 1941

The Lawrence Chamber of Commerce
WREN Building
Lawrence, Kansas

Gentlemen:

We greatly appreciate your thoughtfulness in sending us wires previous to the Nebraska and Iowa State games.

The first wire undoubtedly had something to do with our win over Nebraska because we only received two wires; one from Jim Arnold, who was in the hospital in Lawrence, encouraging the boys to battle harder, and yours.

In regard to the Iowa State game the boys did their best but they did not quite have enough fight and vitality to put that one over.

It was thoughtful of you to send the wires and the boys and I greatly appreciate it.

With thanks, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
