Dr. Forrest C. Allen  
Basketball Coach  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

Mr. Henry Levitt advised me recently that you would like to return to Wichita again next February for a basketball game between our two institutions. We would most certainly like to have you return and I would like to offer you the date of Monday night, February 23<sup>rd</sup>. Would appreciate at your convenience hearing from you if this date is satisfactory, and also what guarantee you would be interested in this year.

I feel certain that we can draw a fine crowd next year, the same as we did this past year. We are hoping to have a little better team and may perhaps offer you a little better competition.

Would appreciate hearing from you as soon as possible.

Sincerely yours,

*A. J. Gebert*
