

We plan to run the picture from 12 to 1:30, and then at 2 o'clock the meeting of the rules committee would take place.

If this meets with your approval we will go ahead and put out some invitations and publicity from this end of the line. I believe we will have a very good set-up. Are you expecting to write all the officials who are to work the basketball games in the Big Six, urging them to be present at the interpretations meeting?

Just off the record, my opinion is that if you would have Mr. Kischer operating your stop and go outfit that Iowa State would have been a very much more formidable opponent than it was without the services of your star quarter-back and general.

Sincerely yours,

FCA:AH

Director of Physical Education.
Chairman, 5th District
Basketball Rules Committee.
