

October 25, 1937.

Mr. Frank Bangs,  
Salina, Kansas.

Dear Frank:

We have finally set up our Saturday program on December 4 for the interpretations meeting.

We expect to have a closed meeting of our conference starting at 9 a.m., and then at 11 o'clock we will have a joint meeting with the Missouri Valley Conference and the Big Six.

At 12 o'clock we expect to show the pictures, if you will be good enough to show them. We are putting that on from 12 to 1:30 p.m., and our open meeting starts at 2 p.m. I would like a confirmation of this so that we may advertise this very definitely so the coaches and officials may see it.

I have written our own Big Six coaches and they are all very enthusiastic about seeing the film. Coach Harold Brown, of the University of Nebraska, wrote me the following:

"By all means try to arrange to have the basketball film for the coaches and officials to see. I have heard a great deal about this film and your contribution to it. I am sure everyone present will enjoy the privilege of seeing this latest production at that time.

"I not only have no objection to the setup you propose, but would like to add a word of encouragement for you in your efforts to put it over."

As soon as I have heard from you confirming this I will get out a letter to each
