

I am recommending that all of the above named boys receive the varsity "K" and the gold basketball, emblematic of the co-championship of the Big Six for 1941-42, as well as being the Fifth District N.C.A.A. champions. The team has made money and has made a fair reputation, considering all things. They are good clean boys off and on the court, and it is my feeling that the University desires such men as these to represent it.

I should also like to recommend a gold basketball for Milton Allen, who served without pay as freshman and assistant varsity coach; also a gold basketball for Dean Nesmith, the trainer, whose devotion to the boys and to the University, and whose technical skill as trainer has done much to bring the championship to Mount Oread.

I also desire to thank my superiors and members of the Athletic Board for their fine cooperation in permitting us to take extra players on the trip to Iowa City and Chicago.

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
