Dear Phog:

I have received no definite information about the annual meeting of the Rules Committee. We agreed tentatively last March to have our meeting in Chicago about April 6-9 and I have heard of no proposal to change that arrangement. I believe the coaches are to meet in Chicago about April 3-5 which would fit well with our tentative plans and would be convenient for the coaches on our committee.

I have been intending to thank you for having the publishers send me a copy of your new book and to congratulate you upon it, but have been awaiting an opportunity to read it. Because of some special work I have been doing in mathematics, it has been necessary for me to devote my spare reading time to that subject so that I have been able to merely glance through your book. I shall finish my special work in mathematics within a few days and am looking forward with pleasure to reading the product of your pen, or typewriter. In the meantime, please accept my thanks and congratulations.

Faithfully yours,

Donald Tower.
