

For instance the drills for
fingers, ankles, back, leg
and neck.

When I came on court
I want all foolishness
left out. I don't want any
tolerate that. I want boys
who listen and do as told.

I always print a list of
training rules which are
good and ask that they
be followed as nearly as
possible. It seems to be
useful.

I try to keep those who
have no business on court
or just sight seeing alumni
or visitors, up in balcony
and not down demonstrating
how they used to do. To my
boy.
