

Other athletes of the Big Six will not hold in high respect the rules of our conference unless they are consistently and obediently lived up to by other members. For that reason I would appreciate your informing me at your earliest convenience if anything has been discussed before the athletic directors regarding Tucker's eligibility or ineligibility, and if it has not been done, then I would like to officially call this to your attention so that something can be put into motion in order that the laws will be obeyed.

Sincerely yours,
