

October 7, 1943.

Mr. Dee Erickson,
Basketball Coach,
Washburn University,
Topeka, Kansas.

Dear Dee:

We discussed a couple of basketball games, and I am wondering what you would think about Kansas playing at Topeka sometime along the 13th, 14th or 15th of December, and you playing at Lawrence most any time that you wish.

I am enclosing our Big Six dates, and you can pick a middle of the week date any time you want to come, providing we have no conflict with our auditorium here. I am sure that we can switch it one day or the other if you play in the middle of the week.

You and I discussed the idea that we should play early, something akin to the football game that was played with Washburn. In that way we will draw a better crowd opening your season than if we waited until you have played some games. Now if you plan to play earlier than the date I mention we will come to your place early if you deem it advisable.

Why not open each of our seasons with a Washburn-Kansas game at Topeka? When will you play your first game?

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
