Dear Marty:

I find that the Christmas holidays begin at the University on December 18. We have a game scheduled away from home on December 18, but we could play you in Lawrence on December 15.

We have conflicting dates in that the auditorium is used, so it is rather difficult to get in here on a great choice of dates. I would appreciate it if you could make December 15th here definite.

I am putting down January 18 for the game at Olathe because we are playing Oklahoma here on January 22. There is just one tentative angle in this 18th of January date, due to the fact that the Kansas Aggies have now decided to play basketball and I look for a directive from the athletic directors calling us together to make an entirely new Big Six schedule.

We are not permitted to close any playing dates during the basketball conference season until the conference schedule is completed. However, this will not interfere with our December date. Won't you write me your confirmation?

With all good wishes, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
