

November 9, 1943.

Captain Beryl S. Taylor, Cav.,  
Asst. Special Service Officer,  
Cavalry Replacement Training Center,  
Fort Riley, Kansas.

Dear Beryl:

I find that during the War Fund drive and the Community Chest push here at Lawrence I have failed to answer your letter. As chairman of the drive at the University it consumed all of my spare time, so I neglected my correspondence.

I am sending you a copy of our schedule as we have it at present. It would not be possible to play you on the 13th. In fact, I do not know what the Athletic Board will do about extra games, but I am recommending that we play these service teams.

The only time that I think we might play would be during the Christmas holidays. We might play you here December 17th, as our school is out on the 18th, and we will not have the student body here.

We might play you between February 5th and 12th, say about the 7th, in Junction City if the Athletic Board approves these extra service games.

Very sincerely yours,

FCA:AH

Director of Physical Education,  
Varsity Basketball Coach.
