Capt. Beryl S. Taylor, Cav.,  
Asst. Special Service Officer,  
Fort Riley, Kansas.

Dear Beryl:

The University of Kansas will be glad to schedule a home and home game with Fort Riley. I am wondering if you could play at Lawrence some time before Christmas. I am endeavoring to get ready for the "Big Five" schedule after New Year's (Kansas State is not playing).

I think this Louie Menze is about tops when it comes to being a real gentleman and a he-man.

I don't think we will have such a hot ball club, but we are going to play the schedule out. I have made no contacts with any boy this year or otherwise, and if they come in it will be because they choose the University of Kansas and not because the beagle hounds beat the bushes.

It will be good to see you, Beryl. If you are ever around this direction, drop in to say hello and we will have a game of pasture pool.

Sincerely yours,
