

was this schedule arrangement made to get more money at Nebraska, but we played Nebraska and Iowa State on the same trip, making a circle tour and thereby reducing the railroad travel considerably.

I do not believe that I have ever made this point manifest to you two people, but Mr. Falkenstien has been aware of this arrangement for quite some time.

If it is necessary to beg to get every little financial consideration that redounds to the University's benefit, then I am a poor fellow to do it. Certainly the basketball budget somewhere along the line should be increased for such a thing as this.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
