

Dear "Bake":

I talked to Lew Lane Saturday and they want 30 passes for Rockhurst College. Fix them up, will you, please, Bake? I also told the small group of Kansas City, Kansas coaches assembled over at Wyandotte gym Saturday that we would have Reaves Peters get passes for them for the game Saturday night. Will you please fix Reaves Peters up with the number of passes that he wants for his high school coaches?

I also told Dr. Peete to stop at the hall and get the number of tickets that he would want for his family and some internes. Please honor that request. I wish you would also call Lacy Haynes, Maurice L. Breidenthal, Sr., and Tom Van Cleave, Sr., and take care of them in box seats, if you will. Ask what number they want.

We will come in Saturday about noon and I will see you Saturday afternoon. One other thing, Bake, will you run another ad sometime during the week when you or the boys on the Star think it is best - about the same size ad you ran Sunday. That will not only help our publicity but the boys on the desk will naturally give us a little more space when we are appreciative of their fine publicity. I am getting some pictures to the Star at the earliest possible time.
