

Detroit, Michigan.
Sunday, December 7th.

Dr. Forrset C. Allen,
Director of Physical Education,
University of Kansas.

Dear Phog:

I will try to write this letter on an old machine we have altho I am none too good with two fingers. I was very glad to get your letter of November 27th saying that you and the boys could stop to see us on your way East.

Be sure to come by Michigan Central as your train will then pass within 300 yds of the Ford Willow Run bomber plant just outside of Ypsilanti and within a half mile of the great Ford Rouge plant just outside the city limits of Detroit. These plants are visible from no other R.R.

Now as to accomodations. I saw Bob Mosby, who is a member of the D.A.C., at once about the team staying there. Bob called me the next day to say that the DAC could not put the team up. They are too crowded at the present time. I was not surprised. The DAC is a swank business men's club and at the present time with the magnitude of the war effort here it must be crowded with visiting business gov't and military men.

I next called the hotels. At them you can get any accomodation you care to pay for. Here is the line up.

BOOK CADILLAC- \$ 3.00 per person, two to a room, all on one floor.

STATLER- \$ 3.00 single, \$ 5.50 double, or can put six in a room with six cots at \$ 2.50 each.

DETROIT LELAND- \$ 5.00 double or six in a room with 3 dble beds at \$ 13.00

FORT SHELBY- \$ 1.75 each, four or five to a room.

TULLER- \$ 1.50 each, four to a room.

The Statler and Tuller are side by side and both adjoin Grand Circus Park. The Detroit Leland and Book are about a block and two blocks away resoeectively. The Fort Shelby is a half mile away. I mention this because the down town Y.M.C.A. is just across the park from these hotels, about two blocks away and there you can get your work out. I saw their Mr. Vail, director, and he said he would be very glad to have the team work out there and was going to put me in touch with their physical director to find what hours the gym would be open but he was not in. It was yesterday I saw him and I will get this information Monday.
