Mr. Ned Irish,
9 Rockefeller Plaza,
New York City, N.Y.

Dear Ned:

It seems as if every trip we take to New York is a hoodoo trip. Ray Evans, who went through all the football season without getting hurt, had a collision with Charlie Black and sprained his back. He hasn't been practicing for two or three days.

We are really in pretty bad shape and I am rather disappointed. I had hoped that we would do better. From early prospects it looked as if we would have a very good team.

I do want to thank you for your generosity in supplying tickets for the players. We will keep our requests to the minimum.

Sincerely yours,
