

November 17, 1942.

Mr. Harold J. Mould,  
Argentine High School,  
Kansas City, Kansas.

Dear Mr. Mould:

We are delighted that the Argentine band will play for the game in Municipal Auditorium on December 5th. I enjoyed the music of your band and compliment them on their fine teamwork.

I haven't heard yet from Rockhurst, so I do not know if they play to use their band between halves. I have written them suggesting that your band take charge of the entertainment between halves and also between the two games. If Rockhurst wants a part of the time, however, they can divide the time with you at the half.

For the between-halves entertainment of our game with the Olathe Pre-Flight School we would want you to take over unless the Navy would want to make some announcement. Your band plays a swell Crimson and the Blue. We will have cheerleaders there and would like for you to play the Crimson and the Blue just before our game starts - that is when we come back on the floor about three minutes prior to the game time. It would be fine if you could also have something appropriate for the "Clipper" team. We will have the flag up and will want the Star Spangled Banner immediately before the game starts.

We will keep in close touch with you, and I am sure we can work out a fine program.

I am sure that we can make arrangements with Mr. Lou Lower, manager of the Auditorium, for your band to sit on the arena floor. I am also suggesting to him that he make some arrangements for the admission of your pep club, and I am sure that he will arrange with Mr. Shankland the matter of tickets.

With best wishes, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
