Dear Dr. Allen,

Thank you very much for your nice letter and your good wishes. I also want to thank you for your letter of recommendation. I am sure that it was the thing that got me my job.

About that column--Gene Kemper wrote it. I didn't talk to him before he did it. He says he never saw the column I wrote. At any rate, you can be sure that it isn't my work. I try never to make the same mistake twice.

I hear that your golf tournament was quite a success. But then almost everything you under take is a success.
