

NEW YORK, N. Y.

November 16, 1942

Dear Dr. Allen;

I'm acting as spokesman for two K. U. grads of last year who are attending the U. S. N. R. Midshipmen's School in New York City.

We felt that in the back of our minds was the thought that the K. U. basketball team would be playing a game in New York this winter. Are we right, Dr. Allen?

If that is true would you let us know where and when, in order that we can make arrangements with our officers to attend the game. This school is pretty far from Kansas and we really would like to see a basketball game. For if K. U. plays in New York this winter we can promise you the ardent support of two fans. Otherwise we'll yell like hell for the Jayhawkers.

We'd certainly appreciate this information and hope to see K. U. in action this winter. Very sincerely
Howard Rankin
