Dear Phog:

In your last note I noticed that one of the players is the son of "Boots" Adams. I have had a very pleasant relationship with Boots, and it occurred to me that if you would like to make the arrangements, you might write to Boots, suggesting that if he was in New York at the time of your game, he would be on hand to toss up the first ball.

I happen to know that Boots is in New York about once a month, and it might be possible for him to time his next trip to coincide with your game here. I thought the suggestion would be better coming from you first of all, since it would need your approval, and secondly that Boots is a very enthusiastic Kansas man, and as such it might help your situation, and keep his interest in things at Kansas alive.

Everything looks very favorable for a successful season here. We opened the Service Tournament last night, and despite extremely bad weather, and the fact that it was a Monday during the football season, we had over 7,500 people on hand. The finals will be played Wednesday, and we should do considerably better then, if it ever stops raining.

Sincerely

NI/ed
