Dear Dr. Allen:

Sorry to have to bother you at this time but it is necessary that we make a financial settlement for our basketball games of January 16, 1943 played in Kansas City and of January 23, 1943 here at Camp Crowder.

Our accounts are inspected every month and we are facing the February inspection soon and thus the necessity for an immediate settlement.

We would appreciate hearing from you concerning this matter by return mail.

Sincerely yours,

Dear Lieutenant Krickhan:

We have arranged a game with the Rosecrans Field Flyers from the A.F.T.C. base at St. Joseph, Missouri, to play in our double header in Kansas City Municipal Auditorium on January 16th.

Would you rather play the first or second game with Kansas? If it would please you we will be glad to play your team last, if you desire, and the first game with the Flyers.

We have the contract from the Auditorium people and everything is all set. I would appreciate it if you will send any publicity material to Mr. James Nixon, the publicity man at the Municipal Auditorium, and to Mr. C. E. McBride, the sports editor of the Kansas City Star. Will you also send publicity material to Mr. Chuck Elliott, our sports publicity man here at the University of Kansas?

Sincerely yours,

Dear Lieutenant Krickhan:

We have not received the money from the Municipal Auditorium as yet, but they stated they would pay the officials, deduct the rental, and mail the three copies of the financial report to us. We will give the Rosecrans Field ten per cent of the total take, and after the game expenses are deducted we will mail you your share.

I trust that we will be able to receive this before we start for your place Friday night or Saturday morning. We are leaving for Manhattan today, and if the check arrives in time from Kansas City I will bring your share along with us on the trip.

I thought we had a nice crowd and a nice game. Our boys enjoyed meeting and playing your fellows.

With all good wishes, I am

Very sincerely yours,

Dear Dr. Allen:

Received your letter of January 6th concerning the double header in Kansas City Municipal Auditorium January 16, 1943.

I was happy to hear that arrangements have been made with Rosecrans as the other opponent for your Kansas University team and I'm sure it will make a very fine show and should be very interesting.

As to the financial arrangements for this game. As you stated in your letter of October 17, 1942, each team is to pay their own expenses to Kansas City, the auditorium is to take twenty percent of the gross and the remainder to be split three ways. In other words, a third goes to each of us after the auditorium takes twenty percent off the top.

Publicity on our team is on its way as suggested by you. If there is any thing more I can do to help, please let me know, I am

Sincerely yours,

Dear Lieutenant Krickhan:

I am sorry that I have not answered your letter of November 16th sooner. I have been out of town and since I have been back I have not been at my desk long enough to dictate. I am still a little worried about our January 16th game in Kansas City. The Auditorium people do not feel that our game with Camp Crowder in Kansas City will justify them leasing the hall on a percentage basis unless we are able to get another team as a drawing card on that night.

I expect to go into Kansas City Monday and will have a conference with the Auditorium people and will write you. This would not keep us from keeping our date at Camp Crowder if we are not able to play in Kansas City.

You have been very generous regarding the offer to entertain us and transport us from Joplin. We certainly will take advantage of this and I assure you that we have no desire to run up an expense account but merely to make both ends meet. I will communicate again with you as soon as I have more information from Kansas City.

Very sincerely yours,

Director of Physical Education,

Dear Dr. Allen:

Received Mrs. Hulteen's letter of the 19th acknowledging my letter of the 16th concerning your expenses in bringing your basketball team to Camp Crowder.

I realize keeping expenses at the lowest possible level is one of the greatest problems in athletics today. We can help you considerably by furnishing you and your party transportation to and from camp if you will notify us the time of your arrival. There is the possibility that we can furnish quarters and rations if necessary, that is, if you care to have your boys free to enjoy camp life for a short time.

We can cover your expenses up to two hundred dollars (\$200), anything else we can do to help cut expenses, please notify us and we will do our best to help.

Dear Mr. Allen:

I received your letter of November 12, and had previously learned that the Fort Leavenworth team had been dissolved as we received several members of their team at Camp Crowder.

In regard to the expense involved in your making the trip to Camp Crowder, our offer was based on the rules of the various conferences in which we have scheduled games.

Our athletic department is run on the same principal as a collegiate athletic association, and we, too, are dependent upon our sports attractions for funds.

I would sincerely appreciate it if you would let me know the amount of your expenses for the trip here.

Dear Lieutenant Krickhan:

Dr. Allen has received your letter of the 16th, which I am acknowledging in his absence. He is at present at Lincoln, Nebraska, attending a Regional Institute of Physical Fitness Programs, and will be back in the office Monday.

We have secured from the railroad company an estimate of fare for the basketball team to Camp Crowder, which with the meals for the members of the party, would amount to nearly \$150.00. In addition, there is always expense for taxi. And I have not included hotel expense in the above amount.

Dr. Allen will write you next week, but I believe you can see that \$125.00 would hardly cover the expenses of the team to Camp Crowder. The team would not be permitted to make the trip, of course, unless all expenses were paid. It was Dr. Allen's notion that the game in Kansas City on January 16th would net sufficient proceeds so that you would have no difficulty in taking care of the expenses of the game at Camp Crowder.

I am sure you may expect to hear from Dr. Allen next week.

Sincerely yours,

Secretary, Department of Physical Education.

Dear Lieutenant Krickhan:

As I promised you in my letter of October 14th, I went to see the Municipal Auditorium people to see what we could do regarding the game in Kansas City. I saw Lou Lower yesterday afternoon and checked over the available open dates at the Auditorium. He has Saturday night, January 16th, open.

Lt. Ted J. O'Sullivan, of the Reception Center at Fort Leavenworth, also desires a date with us. He is anxious that his outfit play in Kansas City and states that his team will include many former college players. Now, here is the deal that looks pretty good to me. We do not think we are supermen here at the University of Kansas, but in endeavoring to get an attractive program, one that will draw a crowd and create interest, I thought we might try this deal - that Kansas would play both Camp Crowder and the Reception Center teams, the same night, that of January 16.

We would not play the first team against one and the second team against the other, but it will be the first team of Kansas that will play both outfits. Whether you would rather play first or last will perhaps be decided by a draw and not determined until just before the game starts, or maybe the day before. This will lend interest to the attraction, and in addition we will have a double header with Army teams. All the games before that have been played in Municipal Auditorium have been either Navy or Aviation teams. I believe that we could get quite a bit of interest in the game and play it up in such a way that we would draw a fairly sizeable crowd.

I would like to have it agreed that both teams could substitute freely, the same as in football, without counting times out. This would give me an opportunity to rest my men and put them back in either game when the opportunity afforded. We would use our stars in both games so that it could not be said that either team met the first or second team from Kansas.

I have procured the hall tentatively in our name, and if you are agreeable to this plan, you inform me at your earliest convenience and I will definitely close the date. I believe it will make some money for all of us. Each outfit would pay their own expenses to Kansas City, and we would divide the net equally three ways - one part to

Camp Crowder, one part to Fort Leavenworth, and one-third to Kansas. The Auditorium takes twenty per cent of the gross. This should net you enough above expenses so that if you want us to play you at Camp Crowder, if it can be arranged, you can with this fund pay our expenses.

Very cordially yours,

Director of Physical Education,  
Varsity Basketball Coach.

Lt. Wm. F. Krickhan, Jr.,  
Chief, Athletic Section,

Dear Lieutenant Krickhan:

Your letter of September 16th has lain on my desk because I have not been able to give you a very satisfactory answer. Ted O'Sullivan of the Reception Center at Fort Leavenworth also desires to play us and they are only twenty odd miles from Lawrence. They also want to play in Kansas City.

You remember I sent you a schedule which shows us playing the Gardner, Kansas, Naval Aviation school in the Auditorium in Kansas City on December 5th. We are also playing Rockhurst College on the 11th. In both of these contests they are endeavoring to arrange double headers between other college teams to go along with our attraction.

And then on the 29th and 30th of January we are playing the Iowa City Naval Seahawks, and on the 30th we play the Great Lakes team. So unless we could get a pretty good attraction and a favorable date I am not sure that we would draw sufficiently well to pay expenses.

There is also the problem of getting away from school on any additional dates with our already heavy schedule. Only last week the University stepped up their war schedule and abolished Christmas vacation. This will throw our examination dates on January 12 - 15, instead of January 23 - 28. That puts most of our games in the second semester.

We now have an interim from January 20 - 29 where we might get in a game. We might play on January 22 or 23 if that date is not taken. I am going to Kansas City Friday and will see what dates they have open at the Auditorium.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear Mr. Allen:

I received your very nice letter, and really appreciate your honesty and spirit of cooperation.

It really seems that at every turn something occurs to sabotage our athletic program, but in these trying times we must make the best of a bad situation.

I have thought a great deal about your problem, and possibly have a solution. If we could play your team in Kansas City, we could draw a crowd sufficiently large to defray your transportation expenses here. As long as you are at the Post we can provide food and quarters for your boys; also, we could guarantee your expenses of transportation and otherwise if they do not amount to more than \$150.00.

We will have a good team, and one which I am sure will give your boys a great deal of trouble. I understand Kansas City is a very good basketball town, and I believe that they would like to see you play an Army team there. As far as we are concerned, our expenses would be all that is necessary, and I don't think that would be a very big item.

If you think that we could arrange a game to be played in Kansas City, preferably on a Saturday night, please let me know. We really would like to play your team and will try everything we know to get this opportunity.

If you can think of any solution other than that I have mentioned, please let me know and also just what you estimate the cost of your trip to Camp Crowder would be.

Dear Lieutenant Krickhan:

Since receiving your last letter about scheduling a basketball game with your team, a new boggy-man has appeared on the horizon in the form of tire rationing and the undoubted demise of another football season after this one.

While we want to play you, the financial situation is staring us in the face, and I have talked with the financial secretary of the Athletic Association about the matter. Since we have a complete schedule they do not want to add further financial burdens to their depleted athletic treasury. Football, which brings in much of the money to carry on an athletic program, will be curtailed drastically this year on account of the tire rationing program. Only football teams playing in big cities will make any money. That means practically all the Big Six teams will fair poorly, and as a consequence they will have no extra money, and those that do make any money will want to hold it to carry over next year's skeletal athletic set-up. The athletic plants will still have to be maintained, which is an expensive feature.

Frankly, we want to play your boys but unless you can show me how we could play you without much expense I do not believe the financial powers-that-be here will approve. Won't you write me frankly, and I will be glad to cooperate with you to the nth degree.

Very sincerely yours,

Dear Lieutenant Krickhan:

Thank you for your kind letter of the 19th instant. We have heard from the Fort Leavenworth Reception Center, and while Lieutenant O'Sullivan suggested that we try to arrange for a fourth team, I believe the uniqueness of Kansas playing both Camp Crowder and Fort Leavenworth the same night will add to the attraction.

I am recommending to our Athletic Board that they approve this arrangement whereby Kansas plays both teams in Kansas City on the night of January 16th. I see no reason why they shouldn't approve it.

Concerning a game at Camp Crowder, there is a question about the time the boys spend away from school. I think it would be inadvisable for us to play you there before January 16th. O'Sullivan wants to come here on December 1st, and that will take away a good deal of the attractiveness of the game in Kansas City. Our examinations have been moved up, and will be over on the 15th of January. What would you think of us playing there on the 23rd of January, if the Athletic Board approves?

I will try to arrange with some one else to play a double header because I believe it will take a double header to draw the crowd.

Regarding our game at Camp Crowder, I am very sure that we can't begin to make the trip for \$125.00. The point that I was making was that you would probably make enough off the Kansas City game to take care of our expenses to Camp Crowder, but we could not even attempt the trip for \$125.00.
