

December 26, 1939.

Mr. Jack Gardner,  
Basketball Coach,  
Kansas State College,  
Manhattan, Kansas.

Dear Jack:

Please find enclosed carbon copy of the letter that I have written to Lonnie Sachs. I imagine you will have to write to DePaul and ask the athletic director there the same things. I have a sneaking notion that these fellows are collaborating with each other in putting on these double-headers, but I had no knowledge whatsoever when I was dealing with Sachs that you were playing the same night in Chicago.

I have checked up with the railway company and they are wiring for more specific information as to train schedules. I will let you know what I learn from them.

Trusting that you and your boys have a very enjoyable ending of the old year and a happy beginning of the new, I am, with kindest regards,

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
