Windsor Castle.

March 2. 1845

Dear Mr. Brown,

I have just  
received your  
kind & very interesting  
& interesting letter  
of the 7th from London.  
You have seen  
indeed all that  
is most interesting.

But the plague office  
I don't get attention  
insects - or not, I  
think, but a few  
each.

Leaf is facing on my  
bell - but this right out!  
I was in dialled for  
the attack he had on  
Jan 21<sup>st</sup> - I believe  
with us - a few  
just also - if the  
hand was not a  
trouble. - I have  
bitterly and we'll  
with all attempts at  
more is almost

day 2 no sun since  
I don't see them at  
behave. A leaf has  
only been one 5 times  
since this day yesterday  
I was in dialled for  
I am today  
facing near to the  
some part of the  
I was in the summer  
superior state  
On Monday 8<sup>th</sup> of  
for up, which on  
the 10<sup>th</sup> returning  
on the 11<sup>th</sup>.  
I hope you don't  
forget some  
little something for
