My dear Lane

I am awfully sorry to seem  
so cantankerous - but I can't  
write "Yours very truly" to noble lords  
I don't know or to statesmen I  
know personally. your typist  
will not have to re-type the 2<sup>nd</sup>  
pages leaving the "Yours" business  
blank.

Also Lulu Harcourt is a  
Lord now, isn't he?

Yours ever  
W. J. Locke
