My dear Friend

As I neither see you nor hear tidings of you, I begin to fear you are suffering in health. — I arrived at home ten days ago, & now write this to let you know that we have been disappointed in not seeing you, & further that it is not likely that we shall ~~get to see you soon~~ for some time, & as I shall place again for some time, there be opened I shall be happy to see you whenever it shall suit you. At all events let me hear from you, as I am afraid that you are unwell. Believe me most sincerely

Yours
