Camptden Hill

Dec. 17th 1857.

My dear Sir

It is possible that I
may make private
arrangements for leaving
my picture in New
York, & I shall be
pleas'd to you to tell me
what is the latest date
at which I must com-

communicate my intention

I suppose I had better. Here the additional
do so to you officially. Exhibitions being carried
I am daily expecting out in the "States" &
to get information which with what success I
will determine me
upon the subject.

Believe me dear Sir
Yours faithfully
