

Remember now that  
I was a worse defaulter  
even than as regards  
you with respect to  
doubt - for I neglected  
to answer an invitation  
to dinner at same time!  
How you really forgive  
me I wonder? But  
I'll hope to see you -  
I'm afraid I've quite  
got out of the habit  
of going out anywhere

or should not have  
behaved so dreadfully.

Ever yours  
D. Repetti
