Tuesday

Dear Mrs Corwin

Should I hope to see
you Saturday or Sunday
afternoon at 5, for a
night of the Day Dream
picture? Constantine
was here yesterday at
worst time for light
which was cold &
damaging. The picture
~~will~~ is not yet finished
in several respects.
I think of sending to

ask a writing from
Miss Lesson very
soon. I am sure
I can do something
from her with
advantage, & am
obliged to you for
the kind thought
of sending her.

Yours sincerely
D. DePetti
I make 5th the hour of
writing you, because
light is then best.
