My dear Watts

The man Skinner
has just been
here creating
annoyance. I
completely lost
my temper &
threw him out
at the street
door. Would you
mind looking the
best up &

asking him what
he means by
saying that my
solicitor is wrong
that there was
no overcharge in
the letter he last
sent. I told him
to communicate
with my solicitor
for the future,
but don't know
if he knows

your address.

Ever yours
