My dear Wm

I hope you mean to  
look in. As for the  
letter you have sent  
on to me, it of  
course requires consi-  
-deration. The "insult"  
was no more than  
a hasty one, &  
all question of apology  
is at hand, as I had  
my palette & brushes  
in my hand the whole  
time. Ever yours
