9 April

TURN
OVER

My dear Watts

I expect Huffer & Nelly
Brown here on Saturday
- the former to stay only
over Sunday & believe
- the latter for about
a week, & bringing some
MS to work on.

If you can refer to
these diggings for which
at same time, there
is, as I said, lots of
work & a hearty
welcome for you.

I believe I must have
brought you a little
work which came
for you by
post.
