

Brittan Willis - Water-colour Painter of
Cattle &c

7 Liddington Place,

2nd March 58

Dear Sir,

In reply
to your favour of
the 28th of Feb., the
cause of my
not contributing
to your first
gathering of Pictures

was, that a Friend
who had engaged
to forward my
letters to me in
Wales, kept back
all such as looked
like "Circulars"
and in doing
so he retained
three important

communications. I
was among them.
I was therefore in
the dark as to
the ^{final} arrangements of
the scheme and
thus prevented
from contributing.
The only picture
I now have of
Whitby is going to

Bristol this month.

But should the
scheme be so successful,
as to induce the
Committee to form
another Exhibition
for N. York in the
Autumn I shall
be happy to send
two or three small
contributions to the
Collection. Dear Sir

Yrs truly
W. M. Rossetti & Milton Willer
