To him if necessary.
Do you know Mr.
Mendel who has a
picture of mine? I
do not. Don't suppose
that I mean to worry
you about my Trumpery
thin-skinned interests
but a hint from you,
if you please the means
might enable me to
act for myself. Do you
know when the Leeds
Gallery opens?

Daylight at this distance
~~being only a main~~ from
town being only available
for painting, I have
actually as yet never

seen the old water
colour sketches, though
I have meant to do
so and may yet. I am
glad you will appear
in the main exhibition
but you don't tell me
much of your doing.
I heard from Chapman
that the Drummer-Boy
drawing was exhibited at
Manchester - I hope
with good result as it
certainly ought to have
served you well. Chapman
is now in town again
but I have not yet seen
him this time. I hope
he may have had some
luck in your neighbourhood.
