

Now as to Mr. Johnson
& the cartoons - I still
have the Vineyard set
and though I have lately
been asking more for them
I shall be happy to sell them
at the price named to
him. My own impression
is I must have said
100 guineas not pounds
(because I always do so.)
But if he and you are
wider than the other impression
so be it. The frame will
require to be written on,
after which I can send
the set. Where should
it go to? I should have
to charge carriage &
cost to Mr. Johnson -
What is his address?
