Thursday
My dear Michl,
In spite of
what I must I
shall be very glad
to see you if you
can come tomorrow
(having now no other
engagement) but
don't on any ac-
count be come.

Thanks for the
golden cone, but
is it ~~not~~ too
globular when
fresh? America
the leaf is so
very like the
Sycamore. But
I know not thing
I shall have to

alter the snows
- the tree looks
too far advanced
for it.

Yours affec:

J.P.

A trusty Jury
summons has come
in to my post
me Lord knows what.
