

Overlooked

Thursday

My dear Child
Tammerson has
decided against the
warming, as by
advice of Wells
and Yarnes who
are the hangers.
I hope no undue
trouble will have
been given to Mr
Coyne, & meanwhile

Can only thank you
and him in the matter.

I will not expect to
see you tomorrow, as
I may perhaps have
a little, though this
is not certain.

Yours affec:
D.R.
