

Monday

My dear Child

Tomorrow (Tuesday) I will
visit me, & I advise
you to go in for a day's
work here after your usual
last time. I shall be
very glad to see the Black
notes, & have a rich
treat for you in the way
of cheap woodcuts - I
11 vols thrillingly
embellished by Samr
Williams, the earliest of
high-spirited art-dramatists.
Yours affec: DSO2
