

Thou might manage:
indeed shall probably
have to do this: (as
have a yearning
for well straight from
good nature always.
The bark of the birch
brought by your nursery-
man is as black
as London bark,
though I believe he
brought it from
Edgeware, so how far
is over the grey &
green bark, Heaven
knows!

Thanks for offer to bring
the study round. I hope
soon to make an
appointment, & then
to dispose (with your
help) of the hideous
stack of too eloquent
Silence which
awaits signature in
my hall.

Yours affec:

DR

I'm sorry to say my
absolute impression of
the profile proof returned
is that it won't do - too
big & uneven in tone.
