16 Chesham Walk  
6 April 1875

My dear Haydon  
Thank you so  
kindly suggesting ways  
& means as to the  
possibly getting some  
designs. I think the  
plan need be a very  
good one (i.e. to  
publish one every  
6 months) but for  
my fitful disposition  
I could keep up  
the excitement and  
produce 50 copies

publishing one (if  
my eyes held out  
but the moment  
one was published  
I shd go on to some  
other sort of work &  
never do a second.  
Therefore a vol: on  
nothing wd be the  
plan for me. In  
any case I fear  
it wd be a labor  
of love mainly, what  
pictures are a labor

of love to a pretty  
good certainty.  
I should be glad to  
see you again &  
am much interested  
- very much - in  
the Fuseli fascination.  
I only trust that  
it will not be  
ill health of young  
that ~~keeps~~ goes on  
keeping you away.  
Ever yours
