

Hunters Forestall
Horn Bay

My dear Hayden
I have just gone
through a serious
illness, & am now
somewhat on the
mend. The intercep-
-tion has been very
onerous in every
way. I am ex-
-tremely sorry to
hear what you
tell me of your
wife. I have known

a case of ovarian
diaproy - that of
my late sister, -
and am aware
that great hope
may be placed
in an operation
which unhappily
was not possible
to be attempted
in her case. I
most warmly trust
that it may prove
successful with
Mrs Hayden -

Yours sincerely
D. G. Pettit
