

it had better be of the
short Albert kind
to wear at the waist.
Anything of this sort
(if antique so much
the better, but must
be simple & tasteful -
of course gold) which
we wd confide to you
to show me I shd
be very pleased to buy.
I want a frustrate
thing & don't mind
what it costs

I think you are a
photographer among
your many acquisitions
I wd fit to you some

day for such an attempt
as you proposed. I am
also wanting to get
printed ^{from} some negatives
of old designs. I have
a whole cabinet full
of negatives - only a
few any good, but
then I should like
some prints from -

Ever yours
D.R.

wd like to get a watch
chain as soon as
may be, but don't want
that himself who is in with
Howell.
