too late, I contribute as
much as may seem good
to my power to the success
of your undertaking.

May I beg you to write to
me on the subject and to put
me in possession of such parti-
culars as the preliminary
Prospectus omits - I should
ask you to write at your
early convenience as I start
in a fortnight at latest
for Africa.

If I am right in supposing
that I am addressing the
brother of W Dante Rossetti,
I beg to be most kindly remembered
to him.

Believe me
Yours most obdt Servt
Robert Richardson
