

The homely little dog and puppies
I much like, with their
spiritual suggestion. To me
— but I pretend not to judge
as an expert — the 2
subjects go together quite
well, both as to line of
composition and degree of
action: let us hope that at
least the ignorant may see
with my eyes rather than
with yours.

Now, confidently, we trust

To reach home next Tuesday.
Always truly yours
Christina G. Rossetti.
